

LAVEL was founded in 2005, we are a Greece based Construction and electrical products supply company engaged in the electrical/power sector. A professional managed company promoted with the objective to supply quality services & products.

LAVEL guarantees the superiority of the Construction works and products by choosing cooperation with the most accredited partners.

Starting by importing **fiber optics cables** in cooperation with Young Sun cable in China the company makes a dynamic entry in Greek market and in 2007 extends its activities by importing, **Power Cables, Power Transformers, Transformers, Switch Breakers** and **Circuit Breakers.**

In 2015 the company using its experience in Energy Sector enters into Construction Industry providing **Turn Key solutions (EPC)** for Renewable Projects.

LAVEL is responsible for the whole construction cycle, starting from the basic design to build and deliver a project ready for commissioning and operation.
