

All products we represent are covered by international Type Test Certificates and all of our suppliers have successfully passed Quality Assessment and hold all the relevant Certificates, such as:

Our company focused in quality has managed to issue certificates for some of the products we represent even from local Greek institutes bringing out further the product's quality.

An example is the certificate we obtained from the Testing Research and Standards Center (TRSC) of the Greek Power Public Company (PPC SA) for all the range of Medium Voltage cables we import from the factory NAN YANG.
